8. Termination of the License:

8.1 If a party ("Defaulting Party") fails to make payment required herein or perform a material obligation under this License within 30 days after written notice is given to the Defaulting Party of its failure to perform such obligation on the date when such performance was due (or, if such default cannot reasonably be cured within 30 days, then within such longer period as is determined by the non-defaulting party to be necessary to cure such default, provided the Defaulting Party commences to cure such default within the 30 day period), then, upon the expiration of the applicable cure period, the non-defaulting party may terminate this License upon not less than 30 days prior written notice to the Defaulting Party (such notice of termination must be in addition to the notice of default).

8.2 Either party may terminate this License without cause upon not less than thirty (30) days written notice.

8.3 In the event either party terminates this License, Licensee shall, unless Licensor otherwise provides, remove, at Licensee's own cost, within ninety (90) calendar days after written notice from Licensor, any improvements placed on the Licensed Property by Licensee, its directors, officers, employees, or agents, and restore the Licensed Property to the condition in which it existed on the date this License was executed, subject to improvements to the Licensed Property made by parties other than Licensee. If Licensee has failed to remove any of the improvements that it is required to move, or fails to restore the Licensed Property within such ninety (90) day period, Licensee shall reimburse Licensor for the reasonable costs incurred by Licensor for the removal or storage of Licensee's improvements and restoration of the Licensed Property. Licensee shall release Licensor, Association and U.S.A. from all damages resulting to Licensee as a result of such removal, storage, or restoration. The provisions of this Section 8.3 shall survive termination of this License.

9. Maintenance of Licensed Property & Interface with Licensor's Use of Licensed Property:

9.1 Licensee, at its own expense, shall maintain all of the Licensed Property in reasonably good, sanitary and safe condition. Subject to the conditions set forth herein, Licensor reserves to itself, Association and the U.S.A., a right of access to the Licensed Property for the construction, use, operation, maintenance, relocation and removal of any existing and future electric or water distribution or transmission facilities. Any such construction, use, operation, maintenance, relocation or removal shall be performed in a manner designed to avoid, to the extent feasible, disturbance to Licensee's improvements and Licensee's use and enjoyment of the Licensed Property. Licensor shall give Licensee at least ninety (90) days prior written notice of any such construction, use, operation, maintenance, relocation or removal that will materially disrupt Licensee's use and enjoyment of the Licensed Property or the Licensee's improvements; provided, however, that such notice may be given in such shorter period as Licensor determines to be reasonable under prevailing circumstances, or with no notice in the event of an emergency where no notice is feasible. Nothing in this License shall be construed to deny or lessen the powers and privileges granted Licensor by the laws of the State of Arizona and the U.S.A. Licensor shall not be liable to Licensee for any damage to Licensee's improvements located upon the Licensed Property, unless due to negligent or willful acts or omissions of Licensor or its agents or employees.

If Licensee fails to correct the default within the Correction Period, Licensor may take any action reasonably determined by Licensor to be necessary to correct such default, including without limitation making any repair or modification to or removing any of Licensee's improvements. Licensee shall reimburse Licensor for the reasonable costs it incurs to correct such default within thirty (30) calendar days after Licensor presents Licensee with a statement of such costs.

Licensee shall release Licensor, Association and U.S.A. from all damages resulting to Licensee from the correction of such default, including, without limitation, those damages arising from all repairs or modifications to or removal of any of Licensee's improvements.

10. Nonexclusive Rights:

This License is nonexclusive and nothing herein shall be construed to prevent or restrict Licensor from granting other privileges to use the Licensed Property in a manner not inconsistent with Licensee's use of the Licensed Property in accordance with this License.

11. Existing Easements and Licenses:

This License is subject to all existing encumbrances of record, including easements and licenses. It shall be Licensee's obligation and responsibility to ascertain the rights of all third parties in the Licensed Property. Licensor consents only to the use of the Licensed Property for the purposes described herein. Nothing in this License shall be construed as Licensor's representation, warranty, approval or consent regarding rights in the Licensed Property held by other parties. Licensee shall indemnify and hold Licensor harmless from any liability arising out of any dispute or claim regarding actual or alleged interests in the Licensed Property, affecting Licensee's interests created herein.

12. Indemnification:

To the extent not prohibited by law, Licensee, its successors and assigns, shall indemnify, release, and hold harmless Licensor, Association and the United States of America, and the directors, officers, employees, agents, successors and assigns thereof, against and from any claim, demand, lawsuit or action of any kind for damages or loss, whether such damage or loss is to person or property, arising in whole or in part out of: (a) negligent or otherwise wrongful acts or omissions of Licensee, its agents, contractors, officers, directors, or employees; (b) Licensee's use or occupancy of the Licensed Property for the purposes contemplated by this License, including but not limited to claims by third parties who are invited or permitted onto the Licensed Property, either expressly or impliedly, by Licensee or by the nature of Licensee's improvement or other use of the Licensed Property pursuant to this License; or (c) Licensee's failure to comply with or fulfill its obligations established by this License or by law. Such obligation to indemnify shall extend to and encompass all costs incurred by Licensor in defending against such claims, demands, lawsuits or actions, including but not limited to attorney, witness and expert witness fees, and any other litigation related expenses. Licensee's obligation pursuant to this Section 12 shall not extend to claims, demands, lawsuits or actions for liability attributable to the sole exclusive negligence or willful action of Licensor, its directors, officers, employees, agents, successors or assigns. The provisions of this Section shall survive termination of this License.

13. Insurance:

Without limiting any liabilities or any other obligations of Licensee, Licensee shall provide and maintain, with forms and insurers acceptable to Licensor, and until all obligations under the License are satisfied, the minimum insurance coverages, as follows:

13.1 Worker's compensation insurance to cover obligations imposed by applicable federal and state statutes and employer's liability insurance with a minimum limit of One Million and No/100 Dollars (\$1,000,000.00).

13.2 Commercial general liability insurance with a minimum combined single limit of Two Million and No/100 Dollars (\$2,000,000.00) each occurrence. The policy shall include coverage for bodily injury liability, property damage liability, personal injury liability, and contractual liability for liability assumed under this License. The policy shall contain a severability of interests provision.

13.3 If applicable, comprehensive automobile liability insurance with a combined single limit for bodily injury and property damage of not less than Two Million and No/100 Dollars (\$2,000,000.00) each occurrence with respect to Licensee's vehicle, whether owned, hired or non-owned, assigned to or used in the performance of the work.

13.4 The policies required by Sections 13.2 and 13.3 hereof shall be endorsed to include Licensor, members of its governing bodies, its officers, agents and employees as additional insureds and shall stipulate that the insurance afforded for Licensor, members of its governing bodies, its officers, agents and employees shall be primary insurance and that any insurance carried by Licensor, members of its governing bodies, its officers, agents or employees shall be excess and not contributory insurance.

13.5 Licensee shall waive their rights of recovery and require its insurers providing the required coverages to waive all rights of subrogation against Licensor and members of its governing bodies, its officers, agents and employees for matters arising out of this License.

13.6 Prior to commencing any work, Licensee shall furnish Licensor with Certificates of Insurance as evidence that policies providing the required coverages, conditions and limits are in full force and effect. Such certificates shall provide that not less than thirty (30) days advance notice of cancellation, termination, or alteration shall be sent directly to Licensor addressed as follows:

Supervisor, Property Management, PAB348
Salt River Project
P.O. Box 52025
Phoenix, Arizona 85072-2025

13.7 In lieu of providing the above insurance, Licensee shall have the option to self-insure for the minimum limits set forth above by providing to Licensors, for its approval, which shall not be unreasonably withheld, evidence of Licensee's financial ability to self-insure.

14. Construction:

14.1 Prior to making any improvements on the Licensed Property, Licensee shall submit to Licensors for its approval final construction documents and plan showing the location of any such improvements. Licensors shall approve or disapprove such documents and plans within 30 days. If applicable, Licensee shall obtain a Construction License from Water Engineering (*Bob Maurer 236-2962, or Susana Ortega 236-5799*) prior to the start of construction. Construction on the Licensed Property shall be performed only in accordance with approved construction documents and plan. At least ten (10) days prior to the beginning of any construction on the Licensed Property, Licensee shall give Licensors notice of the date that construction will begin and a schedule listing all construction activities and the dates when such construction activities will be performed. Licensee shall give Licensors written notice of all changes in the schedule and delays in construction immediately upon it being reasonably foreseeable that such change or delay will occur.

14.2 Licensee's improvements constructed, installed, operated and maintained on the Licensed Property shall not interfere with Licensors' use of Licensors' existing or any future irrigation or electric facilities on or adjacent to the Licensed Property.

14.3 Licensors may request Licensee to alter the scheduling of construction undertaken pursuant to Section 14.1 but only when and to the extent necessary to prevent any material interference with Licensors' use of the Licensed Property.

14.4 If relocation of Licensee's materials, facilities, or improvements is necessitated by Licensors' use of existing facilities or the construction of improvements by or on behalf of Licensors, Licensee shall bear the entire actual cost of relocating said materials, facilities and improvements.

13.5 Licensors shall not exercise its right to require relocation of Licensee's facilities, materials, and improvements in an unreasonable or arbitrary manner.

15. Permits, Statutes and Codes:

Licensee shall comply with all requirements of all statutes, acts, ordinances, regulations, codes, and standards of legally constituted authorities with jurisdiction, applicable to Licensee's use of the Licensed Property. Licensee shall obtain or cause to be obtained at its expense, all permits, approvals and authorizations required by Licensee's actions pursuant to this License.

16. Licensor's Right to Inspect:

16.1 Licensor may enter any part of the Licensed Property at all reasonable times to make an inspection thereof. During any construction by Licensee, Licensor may inspect all trenching, backfilling and other related construction activity that potentially affects Licensor's facilities, and require conformance with all Licensor's requirements and specifications related thereto.

16.2 Licensee shall release Licensor, Association and the U.S.A. from any claims for damages arising out of any delay caused by Licensor in permitting or inspecting any work on the Licensed Premises. The provisions of this Section shall survive termination of this License.

17. Service of Notice:

All notices and demands required or permitted by this License shall be in writing and shall be deemed to have been given properly when (i) sent by certified mail (postage fully prepaid) to the respective address below or to such other address furnished by either party to the other pursuant to this Section; or (ii) delivered personally to either party hereto.
